Plan Description

If you are looking for an apartment garage that will give you a unique blend of textures, look no further than the Arapahoe plan. A mixture of stone, siding, and wood gives this garage a modern rustic feel. On the main level, you find a 2 car garage that includes a workshop with a built-in workbench. Upstairs you'll find a wonderfully efficient 1 bedroom apartment. The apartments open floor plan makes great use of the space. The kitchen includes a pantry and a large island with a snack bar. The master bedroom and the main living space share a convenient bathroom.
