## Plan Description

Classic French Country details dress the exterior of this 3,211 sq. ft., 1-story, 2- bedroom house plan. Once inside, guests are greeted by immediate views into the great room, with a fireplace beneath a high box-beamed ceiling. Adjacent to the great room, a formal dining room is brightened by an array of windows. Across from the dining room, the hearth room enjoys a 2nd fireplace under a box-beamed cathedral ceiling. Perfect for casual gatherings, the hearth room lies open to the kitchen and dining area. The kitchen enjoys ample counter space with 2 islands, including an island workspace and breakfast bar. Just off the kitchen, a utility area includes a laundry room and mom's room. The master suite includes a bathroom with his and her vanities and a walk-in shower as well as a massive walk in closet. On the other side of the residence, a second suite includes its own bathroom. An impressive office lies just down the hall from the second suite with a high sloped ceiling. This home features plenty of garage space with an attached 3 car and a detached oversized 1 car garage.
