Plan Description

The Elowen plan is an elegant Craftsman style ranch house plan. The exterior is highlighted by a side-load garage and a large covered porch. Just inside the home, the living room, kitchen, and dining room flow seamlessly in an open layout and lie under a soaring cathedral ceiling. The living room is warmed by a cozy fireplace. The kitchen includes an island with built-in shelving and a snack bar. Just off the kitchen, you'll find a relaxing garden room. The master suite includes his/her vanities, a walk-in shower, and a walk-in closet with built-in shelving. Just outside the master suite is a practical home office that could be used as a 3rd bedroom. The 2 car side load garage accesses the home through a convenient mudroom that includes a coat closet, catch-all, and a pet nook.
