Plan Description

Craftsman styling and an angled footprint contribute to this 1-story house plan's outstanding curb appeal. Double doors within a deep covered front porch opens to the great room residing beneath a cathedral ceiling with wood beams and showcasing a fireplace with thinset stone veneer. This home plans kitchen and dining area openly interact with the great room for easy entertaining. The kitchen features a large island work area and a roomy walk-in pantry. Entertaining options are expanded by the adjacent dining area, which accesses to a rear patio. Just off the kitchen, a mudroom with built-in bench, lockers, and catch-all access the home's angled 2-car garage. Additional space in the garage awaits use as a work area or for storage. Also, behind the kitchen is a conveniently located coffee bar as you enter the master suite. The master features a sitting room with a private door to a screened-in porch. The master bath has access to a well-appointed bath area that includes dual sinks, soaking tub, walk-in shower, compartmented toilet, and roomy walk-in closet. On the opposite side of the home, two secondary bedrooms with a hall bath and walk-in closet.
