Plan Description

If you've been thinking about building a barndominium, the Mead Farm may be the perfect home for you. At just over 1400 sq. ft., this plan is affordable to build. Just because it's affordable, doesn't mean it doesn't look amazing. The exterior combines the modern farmhouse style with its simple footprint. Board and batten siding, a metal roof, and wood accents give this barndominium excellent curb appeal. Inside the home, you'll be greeted immediately by a wide open floor plan. The kitchen, dining, and great room flow seamlessly together. The kitchen includes an island with a snack ledge, and a large pantry. The great room is warmed by a cozy fireplace that is flanked by built-in bookshelves. A massive sliding glass door leads to the rear covered patio from the great room. On the right side of the home, you'll find 2 bedrooms. The master suite enjoys a walk-in closet. Both bedrooms share a centrally located hall bathroom with dual vanities. A large drive through shop with high ceilings is perfect for any hobby or project.
