## Plan Description

A distinct sense of English Tudor styling embellishes the look of this charming 4-bedroom, 2-story house plan. Inside, a convenient coat closet stands opposite a flexible area that can be used in any number of ways. Just beyond the flex room lie the kitchen and breakfast area. The kitchen includes an angled island work area, generous counter space, and a walk-in pantry. Open to this area, is the great room with a fireplace flanked by windows. Just off the great room, a mud room with bench and lockers adjoins a powder bath and privately located office. This area also provides access to the 2-car garage. Upstairs, the master suite features a bath area with his-and-her vanities, soaking tub, shower, compartmented toilet and a surprisingly spacious walk-in closet that accesses the laundry room. Bedrooms 2, 3 and 4 have generous closet space and share a central bath.
