Plan Description

The Robinson is a beautiful Craftsman cottage style plan with a rustic look and feel. The exterior is highlighted by river rock stone, shake siding, and wood accents. Inside the home, you'll find a large living room that is warmed by a fireplace. Further, into the home, the kitchen is open to the dining room and includes a large island with a snack bar. On the second floor, you'll find 3 bedrooms. The master suite lies under exposed beams and includes his/her vanities and a walk-in closet. Bedrooms 2 and 3 share a centrally located hall bathroom.
