Plan Description

The San Fernando is a wonderful casita that includes a lot of amenities. Just inside the front door, you'll find yourself in a practical mud room with a bench and coat hooks. Further, inside the home, there is a wonderful open layout that includes a full kitchen with an island. The dining room leads to the rear of the home through a sliding glass door. On the left side of the home, a bedroom shares a bathroom with the rest of the living spaces.
