## Plan Description

A blend of siding and stone enhance the exterior of this Traditional style 1-story house plan. Inside, guests are welcomed by a high entry that opens to an over-sized great room with tall ceilings and a fireplace. The kitchen, with its walk-in pantry and island workstation, adjoins the dining area, which opens onto a rear covered patio, where guests can mingle before dinner is served. Nestled behind the kitchen, a generously sized master suite is tucked away for privacy. The well-appointed master bath includes a large tub, walk-in shower, compartmented toilet and walk-in closet with access to the laundry. On the other side of the home, Bedrooms 2 and 3 share a hall bath.
