## Plan Description

The Stewart garage is a fantastic Craftsman style garage that includes a few unique features. On the exterior, the wood garage doors and shake siding combine with stone to give this garage a definitive craftsman facade. On the left side, there is a 3 car garage that features a 2 car bay and a 1 car bay. On the right side, there is an amazing shop that leads to an office through a set of french doors. On the second floor, you get a ton of storage space.
