Plan Description

The great expanses of this L-shaped, 1.5-story, Modern Farmhouse plan are highlighted by three separate outdoor living areas -- a covered front porch, covered patio, and screen porch. Inside, immediate impressions are made by a soaring 2-story-high, wood-beamed cathedral ceiling in the great room. A trio of tall windows complements both the front and rear walls of the great room, offering views through the front porch and rear patio. The kitchen, with expansive work island, lies beneath its own beamed ceiling and is open to the dining area. Away from the living areas, the main floor's master suite features his and her walk-in closets, and his and her vanities in the bath. The suite can be entered either through an alcove off the great room or through a more circuitous route from the laundry area. Upstairs, bedroom 2 enjoys its own bath, while bedrooms 3 and 4 share a Jack-n-Jill bath. Bedroom 4 receives an added sense of space from a tall cathedral ceiling. Back on the main level, the generously proportioned 3-car garage includes ample space for a workshop. It accesses the home through a mudroom, complete with bench, lockers and a coat closet.
