## Plan Description

To see this plan in single-family form, head over to our Ridgehaven plan. This modern farmhouse style duplex is a multi-family version of our Ridgehaven plan. Head inside through either the two-car garage and mudroom, or the beautiful covered porch and entryway. A powder bath as well as a linen closet can be found near these entry points. Both head into a gorgeous open space for the kitchen, dining room, and great room. The great room provides a built-in fireplace, perfect for cozying up on a cold day, and the kitchen provides a large kitchen island and plenty of counter space. Head upstairs to find the bedrooms, two additional bathrooms, and a laundry room. Bedrooms 2 and 3 share a Hollywood bathroom, and the master suite has its own. The room is complete with double vanities, a separate toilet and shower area, and large walk-in closet.
